

# Orlando Webb Memorial Regatta

September 8 - 9, 1990 Lake Lotawana, Missouri

Andy Burdick notched another MC first (how many is that this year?) at this year's Webb regatta. Winds were light and variable throughout the weekend.

A record 40 boats from eight states participated this year.

The tune-up race on Friday was also won by Andy after rounding and capturing a loose mark.

A potluck dinner at the Missouri Yacht Club followed the tune-up race.

Andy won the first race Saturday morning but the second race had to be cancelled because of light winds. That evening everyone got together at the MYC for cocktails, dinner and dancing.

The hoped-for winds did not materialize Sunday morning although the RC was able to get in one race which Jason Brown of Johnson Boat Works won in a tight battle with Andy Burdick.

Top prize went to Andy Burdick. First amateur was Jeff Harriman, first master was Dick Duley, and top woman was Pam Cantrell.
